

**Follow up email after the visit**

Dear (---)

Thank you for meeting with me last week to discuss the report of the National Mental Health Commission. As I explained, we are looking for your support in getting this report adopted as the way forward. In summary I want you to :

**Act Now On Mental Illness**

**Commit to implementing the report of the National Mental Health Commission.**

I was pleased to get such a good hearing from you, and especially to get your commitment to raise this matter at the earliest opportunity.

Thanks again
